WHAT IS PHARMACOVIGILANCE?

Protecting patients through drug-safety monitoring

Pharmacovigilance (PV) is the science of detecting, assessing and preventing adverse effects of medicines across their lifecycle. PV professionals receive safety reports, assess and process cases, and support regulatory reporting — every case contributes to safer medicine use.

WHY QUANTAERA

- ✓ Industry-oriented, career-focused PV training
- ✓ Practical understanding of global drug-safety processes
- ✓ Hands-on case-processing workflow training
- ✓ Exposure to international PV regulations and guidelines

WHO CAN JOIN

Designed for

Pharmacy

B.Pharm / M.Pharm /
Pharm.D students and
graduates

Life sciences

BSc / MSc, biotech,
microbiology,
biochemistry,
chemistry

Career changers

Professionals moving
into pharma safety

Aspiring PV professionals

Anyone aiming for a
drug-safety career

No prior PV experience needed. Skills that matter: attention to detail, analytical thinking, documentation and communication.

New to PV?

Start with PV Foundation

Learn the essentials in 5 weeks and see if PV is right for you.

Want hands-on technical skills?

Choose PV Professional

Go deeper with live database work and end-to-end case processing.

Ready to land a PV role?

Choose CPPP Job-Ready

Full technical training plus career preparation and job support.

*Job support does not guarantee employment.

Real-world PV skills, not just theory

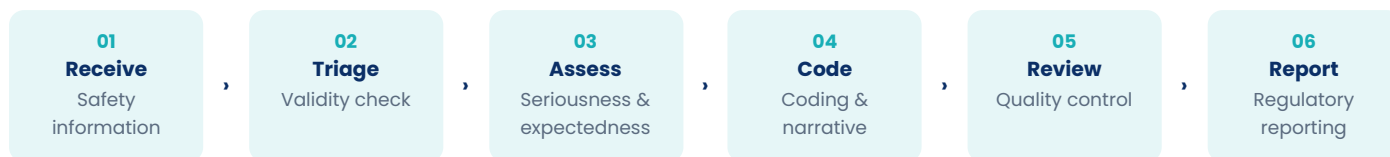

You learn how pharmacovigilance works inside real drug-safety teams — through live sessions, case studies and hands-on practice.

Core PV modules

- 1 **Overview of Pharmacovigilance**
- 2 **Drug Safety Monitoring & Signal Detection**
- 3 **Global PV Regulations & Guidelines**
- 4 **Adverse Event Reporting & Documentation**
- 5 **Case Processing & Safety Reporting**
- 6 **Introduction to Global PV Systems**

PV Foundation covers the fundamentals of these modules. PV Professional and CPPP Job-Ready cover the complete technical curriculum, including live safety-database practice.

The case-processing workflow you'll practise

CPPP JOB-READY ONLY

Profile-building framework

- ✓ Understanding personality & professional behaviour
- ✓ CV building fundamentals
- ✓ CV tailoring for job roles
- ✓ Portfolio generation
- ✓ LinkedIn optimisation
- ✓ Job-hunting strategies + guest lecture
- ✓ Interview guidance
- ✓ Communication skills
- ✓ Aptitude training
- ✓ Guest lecture + abroad support (visa/agency guidance)

CAREERS AFTER COMPLETION

Roles you can target

- | | |
|-----------------------------------|-----------------------------|
| Pharmacovigilance Associate | Drug Safety Associate |
| ICSR / Case Processing Specialist | Safety Case Processor |
| PV Operations Associate | Literature Search Assistant |
| PV Quality Review Assistant | Drug Safety Data Analyst |

Early-career talent (0–3 years) holds the largest share of PV hiring in India, with room to grow into QC, aggregate reporting, signal management, safety science and leadership roles.

HOW YOU LEARN

Live trainer-led online sessions, practical PV case studies and an industry certificate on completion — taught by professionals with 10+ years' experience.

Simple, transparent pricing

Pay once and save, or spread the cost with instalments on PV Professional and CPPP Job-Ready.

Program	Duration	One-time payment	With instalments	Registration to enroll
PV Foundation	5 weeks	₹5,999	Full payment only	Not required — pay the full fee to enroll

Join your live batch and begin your PV journey

Frequently asked questions

Do I need prior PV experience?

No. PV Foundation starts from zero. Pharmacy and life-science students and graduates are all welcome.

Will I get a certificate?

Yes. Every program includes an industry certificate on completion.

Can I pay in instalments?

Yes, for PV Professional (₹12,999) and CPPP Job-Ready (₹22,499). PV Foundation is full payment only (₹5,999).

Does job support guarantee a job?

No. CPPP job support helps with applications and interviews, but it does not guarantee employment.

What about instalment dates and refunds?

Ask our team to share the instalment schedule and refund terms before you pay, so everything is clear upfront.

Is the training online?

Yes — all programs are live, trainer-led online sessions, so you can join from anywhere.

What is the ₹4,999 registration?

It confirms your seat in PV Professional or CPPP Job-Ready. It is not the full program fee — our team explains your full payment plan when you register.

Can I upgrade later?

Yes. Start at any program and move up when ready — eligible fees are adjusted, subject to upgrade terms.

When does the next batch start? What are the timings?

Batch dates and session timings are shared in your counselling call. Ask us about session recordings if you might miss a class.

Still not sure which to pick?

Scan the 'Book a free call' QR below for a 15-minute counselling call — we'll recommend the right program for you.

Ready to start your PV career?
